## Summary

With a Bachelor's degree in Mechanical Engineering and three years of experience as an NDT Engineer and Technician, I bring a unique blend of technical expertise and problem-solving abilities to the software development field. Over the past year, I have honed my skills as a Python developer, specializing in Django for backend development and React.js for frontend development.

## Experience

### Futuro IT Solutions

Python Developer

Palarivattom, Kerala

August 2022 - September 2023

At Futuro IT Solutions, we are at the forefront of innovation, delivering bespoke web solutions powered by Python and Django. From startups to enterprises, we partner with organizations.

### IFB Home Appliances

TECHNICIAN

Paripally, Kerala

May 2019 - March 2021

As a technician at IFB Home Appliances, your role involves diagnosing and repairing various household appliances such as washing machines, dishwashers, refrigerators, and microwave ovens.

### L.G Inspection Services

NDT ENGINEER

Chengalpattu, Tamilnadu

January 2017 - January 2018

As an NDT Engineer specializing in Liquid Penetrant Testing (LPT) and Magnetic Particle Testing (MPT), your role is to detect defects in materials and components before sending them to final stage.
